

## TABLE OF CONTENTS

	<u>Page</u>
<b>1. PURPOSE OF AND NEED FOR ACTION .....</b>	1-1
1.1 Purpose .....	1-1
1.2 Need .....	1-1
1.3 Planning and Coordination .....	1-1
1.4 System Linkage .....	1-6
1.5 Capacity/Demand .....	1-6
1.6 Geometric Deficiencies .....	1-16
<b>2. PROJECT DESCRIPTION .....</b>	2-1
2.1 Existing Conditions.....	2-1
2.2 Preferred Alternative.....	2-2
<b>3. ALTERNATIVES 3-1 .....</b>	3-1
3.1 No Action Alternative .....	3-1
3.2 Transportation System Management (TSM) .....	3-1
3.3 Mass Transit.....	3-2
3.4 Expanding I-465 to Four, Five, or Six Lanes in Each Direction.....	3-2
3.5 Interchange Modifications .....	3-3
3.5.1 SR 67 .....	3-3
3.5.2 I-70 .....	3-4
3.5.3 Airport Expressway.....	3-4
3.5.4 US 40 / Washington Street.....	3-4
3.5.5 US 36 / Rockville Road.....	3-5
3.5.6 10 <sup>th</sup> Street.....	3-5
3.5.7 I-74 .....	3-5
3.5.8 38 <sup>th</sup> Street.....	3-6
3.6 Preferred Alternative.....	3-6
3.7 Schedule and Cost.....	3-6
<b>4. DESCRIPTION OF PROJECT AREA AND IMPACTS .....</b>	4-1
4.1 Land Use Impacts .....	4-1
4.2 Farmland Protection Policy Act (FPPA) and Impacts on Agricultural Lands .....	4-1
4.3 Social Impacts .....	4-1
4.3.1 Public Institutions – Recreational, Educational, Health, Religious .....	4-1
4.3.2 Considerations Related to Pedestrians and Bicyclists.....	4-2
4.3.3 Emergency Services .....	4-2
4.4 Relocation and Right-of-Way Impacts .....	4-2
4.4.1 Relocation Impacts .....	4-2
4.4.2 Right-of-Way Impacts .....	4-2
4.5 Environmental Justice .....	4-3
4.6 Economic Impacts.....	4-5
4.7 Joint Development .....	4-5
4.8 Air Quality Impacts .....	4-5
4.9 Noise Impacts .....	4-7

4.10	Energy Impacts .....	4-8
4.11	Water Quality Impacts .....	4-8
4.12	Permits .....	4-10
4.13	Water Body Modification and Wildlife Impacts .....	4-10
4.14	Impacts to Federally Threatened and/or Endangered Species.....	4-11
4.15	Floodway and Floodplain Impacts.....	4-11
4.16	Impacts Upon Wild and Scenic Rivers .....	4-14
4.17	Contaminated Sites.....	4-14
4.18	Wetlands.....	4-19
4.19	Visual Impacts .....	4-24
4.20	Construction Impacts and Considerations.....	4-24
4.21	Historical and Archaeological Preservation .....	4-24
	4.21.1 Archaeological Sites .....	4-25
	4.21.2 Above Ground Resources .....	4-25
4.22	Section 4(f) Impacts.....	4-26
4.23	Section 6(f) Impacts.....	4-26
4.24	The Relationship Between Local Short-Term Uses of Man's Environment and the Maintenance and Enhancement of Long-Term Productivity.....	4-26
4.25	Irreversible and Irretrievable Commitments of Resources Which Will Be Involved in the Proposed Action .....	4-27
5.	<b>MITIGATION</b> .....	5-1
6.	<b>COMMENTS AND COORDINATION</b> .....	6-1
6.1	Activities Leading to Identification of a Preferred Alternative.....	6-1
6.2	Agencies and Institutions Involved in the Early Coordination Process.....	6-1
6.3	Consulting Parties for the Section 106 Process .....	6-2
Appendix A	Early Coordination Correspondence	
Appendix B	Floodplain Risk Assessment Sheets	
Appendix C	404(B) Chemical-Biological Impacts	
Appendix D	Federal Highway Administration's Section 106 Findings and Determinations	

{ FILENAME \\* Lower \\* MERGEFORMAT }

## LIST OF FIGURES

Figure 1-1 Study Area.....	1-2
Figure 1-2 Proposed Projects Near the Study Area .....	1-5
Figure 1-3 Existing and Proposed Level of Service and Interchange Configurations .....	1-9
Figure 2-1 Existing Main Line and Auxiliary Lanes .....	2-3
Figure 2-2 Future Main Line and Auxiliary Lanes.....	2-4
Figure 4-1 Potential Noise Wall Locations.....	4-9
Figure 4-2 100-year Floodplain Locations .....	4-12
Figure 4-3 Contamination Survey Map .....	4-16
Figure 4-4 Wetland Locations .....	4-20

## LIST OF TABLES

Table 1-1 I-465 Traffic Volumes (Vehicles Per Day).....	1-7
Table 1-2 Mainline Hours of Level of Service E or F .....	1-7
Table 1-3 2026 Level of Service at Ramp Junctions (Existing Geometric Conditions) .....	1-8
Table 1-4 2026 Level of Service at Weaving Sections (Existing Geometric Conditions) .....	1-8
Table 2-1 Existing Interchange Characteristics .....	2-2
Table 2-2 Future Interchange Characteristics .....	2-2
Table 2-3 Travel Lanes by Segment (main line + auxiliary) .....	2-5
Table 2-4 Projected Mainline Capacity Analysis.....	2-5
Table 4-1 Poverty Rate Data (1989) .....	4-3
Table 4-2 Minority Population Data (2000) .....	4-4
Table 4-3 Existing and Predicted Carbon Monoxide Levels .....	4-6
Table 4-4 Summary of Environmental Records for I-465 Sites.....	4-15
Table 4-5 Summary of Wetland Characteristics .....	4-23
